

NASH COUNTY NORTH CAROLINA

Citizens Financial Report

Fiscal Year Ended
June 30, 2008

Popular Annual Financial Report

About the Cover

Pictured is the Claude Mayo, Jr. Administration Building formerly known as the Nash County Office Building in Nashville, N. C.

This Report provides an overview of the operations of Nash County's Government:

About This Report

Financial information in this report has been summarized from Nash County's Comprehensive Annual Financial Report (CAFR) and includes a condensed statement of net assets and statements of activities. The statement of net assets presents information on all assets and liabilities of the County, with the difference between assets and liabilities reported as net assets. The statement of activities presents information on all revenues and expenses of the County and the change in net assets. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions of the County. Because this information is summarized this report is not prepared in accordance with generally accepted accounting principles.

Governmental activities financed by the County include general government, public safety, transportation, economic and physical development, human services, cultural and education. Business-type activities financed by user charges include water and sewer services, solid waste disposal, and convenience center sites.

Message From the Finance Officer

In the busy times in which we live, we are steadily bombarded with information. Sorting through, understanding and using this information can be a difficult task. As Nash County Finance Officer, I remain committed to providing you with ready access to reliable information. This publication is intended to demonstrate governmental accountability to the citizens of Nash County in a format that is readable and easy to understand.

The Nash County Citizens' Financial Report, also known as the Popular Annual Financial Report (PAFR), for the fiscal year ended June 30, 2008 presents an overview of the County's finances and a description of its debt. The Report focuses on governmental activities, supported principally by taxes and inter-governmental revenues, and is not as detailed as our Comprehensive Annual Financial Report (CAFR). The CAFR contains full financial statements and note disclosures for all activities, funds and component units prepared in accordance with generally accepted accounting principles (GAAP). The information presented in this Report has been derived from the June 30, 2008 CAFR, which was audited by Martin Starnes and Associates, an independent auditing firm, receiving an unqualified opinion. The schedules shown in the Report are different from the GAAP financial statements because accounting data has been summarized and combined, and business-type activities, component units, proprietary and fiduciary funds have been excluded.

In short, the highest standards of accounting principles have been utilized to ensure full financial disclosure and accountability. Recognition of this commitment is evidenced by the County attaining the Certificate of Achievement for Excellence in Financial Reporting for 17 consecutive years from the Government Finance Officer's Association for its CAFR document.

I encourage you to visit our website at www.co.nash.nc.us, where you will find a full version of the CAFR and a wide array of county data. The CAFR is also available from the Finance Department, local libraries, and other public locations.

Members of the Finance Department and Staff across the organization are proud to serve this fine community. We hope the 2008 Citizens' Annual Financial Report serves its purpose and helps assure you that every effort is made to manage the community's tax dollars wisely for the benefit of all.

Please enjoy this view of your County's financial health.

Lynne Anderson
Finance Director

Elected Officials & County Manager

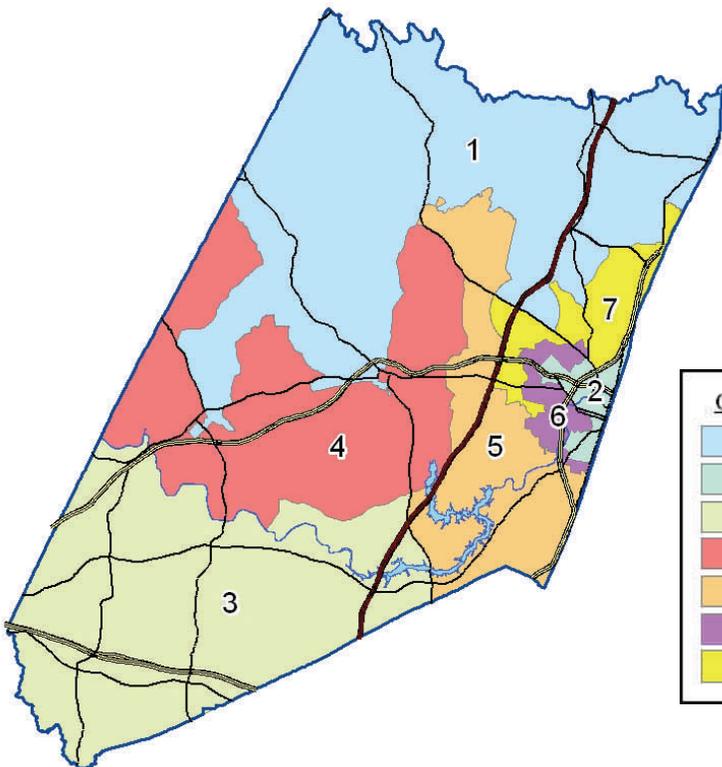

Pictured front row: Wayne Moore, Assistant County Manager; Claude Mayo, Chairman; Lou Richardson, Commissioner; Robert Murphy, County Manager. Second row: Vince Durham, County Attorney; and Commissioners Jay Alford, Fred Belfield, Robbie Davis, Billy Morgan, Vice-Chairman; and Danny Tyson.

On September 24, 2008, Nash County mourned the sudden passing of Jonnie "Jay" Proctor Alford, III. Jay served as Nash County Commissioner, representing District 5, since 1998. He will be remembered as a loving son, brother, husband, father, friend, successful businessman, and extraordinary Nash County citizen.

Nash Notes:

Gold was discovered at farm of Isaac Portis in 1835. Mines in this area produced nearly \$3 million before the Civil War. Last worked in 1936.

1 - Lou M. Richardson	Light Blue
2 - Fred Belfield	Light Green
3 - Billy Morgan	Light Yellow
4 - Danny Tyson	Red
5 - Jay Alford	Orange
6 - J. Claude Mayo, Jr.	Purple
7 - Robbie B. Davis	Yellow

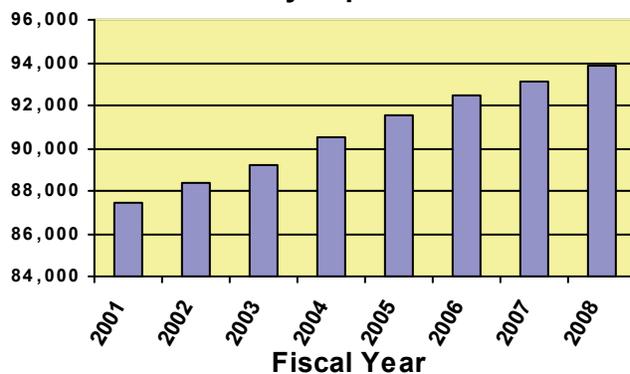

Economic Recap of Fiscal Year 2007-08

Nash County is home to approximately 93,000 residents, growing steadily at about 7.3% the last seven years and ranking 29th in the state. Nearly 35% of the workforce are hired in health care and social assistance, retail trade and manufacturing.

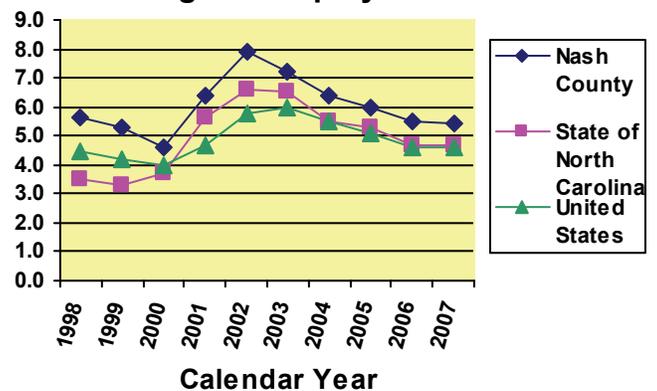

Unemployment remained fairly steady for the 2007 calendar year. However, the unemployment rate jumped 2.0% from June 2007 to June 30, 2008 when the rate was 8.1%. This is the highest unemployment rate since 2002 when the rate was 7.9%.

Due to the continued down turn in the economy, Nash County has experienced a 42% decline in new site homes and a 31% decline in mobile home setups from the prior year illustrating the impact of the economic downturn locally.

County Population

Average Unemployment Rates

Community Programs

Nash County programs completely rehabilitated 10 single family homes through the Bloomer Hill CDBG program and the Down East HOME Consortium's Scattered Site Home Repair Program. Additionally, emergency repairs were completed at 17 homes, primarily replacing wells and repairing essential sewer or septic systems. Two new grants were awarded for energy-efficient repairs on 7 homes and completely replacing 3 dilapidated homes for low and moderate income homeowners.

Business & Industry: Development in the industry sector in 2008 consisted of the expansion of one existing company. AmerLink Ltd., maker of handcrafted custom-made and manufactured log homes, will create 50 new jobs and an investment of \$1.8 million over the next three years. The slow movement in this area is another indicator of the sluggish economy.

Several Nash County businesses have had layoffs or gone out of business due to faltering economic conditions. Approximately 200 employees have been affected.

Agriculture: Nash County has approximately 90,000 acres committed to agricultural production. Nash is North Carolina's fourth largest tobacco growing county, having 9,469 acres in 2008. The county's largest acreage was planted to soybeans (29,227 acres), Cotton plantings fell 16% due to lower market prices resulting from weakening

Nash Notes:

Nash County's 2007 farmers ranked 1st for production of sweet potatoes, 2nd for chickens, and 5th for flue-cured tobacco.

Economic Recap of Fiscal Year 2007-08

demand worldwide. Having 6,076 acres of sweet potatoes in 2008, Nash is typically North Carolina's first or second largest sweet potato producing county. The wheat acreage expanded 23% (8,685 acres) with most farmers enjoying excellent yields and good market prices in June.

Farmers began 2008 watching market prices for most agricultural commodities increase. At the same time, the costs for fertilizer, fuel pesticides, seed, etc. increase proportionately. After committing record-high production expenses, the worldwide recession sent commodity prices sharply downward in the fall.

Some areas of the county experienced a serious moisture shortage in June and July, negatively affecting corn yields and plantings of double-cropped soybeans. Having a local value in the millions of dollars, widespread rainfall in late August and September rescued tobacco, peanuts, soybeans and sweet potatoes.

Gross farm receipts in 2008 are expected to top \$165 million. However seeing instability in both agricultural commodity prices and production expenses, Nash farmers look toward 2009 with much anxiety. The ownership and management of Nash farmland continues its trend toward fewer but larger farming operations. Some small farmers are taking advantage of the county-managed Farmers Market in Rocky Mount, NC. Consumers are increasingly interested in locally grown, safe-to-eat food. As a result, customer visits to the Farmers Market surged 35%, no doubt increasing sales for local farmers.

Mock Drill of school bus accident.

Major Initiatives

Parks and Recreation

The majority of the construction for the W.B. "Bill" Ennis, Jr. Memorial Park is complete. Full utilization of the park will be realized by fall of 2009. The County currently operates and maintains seven ball fields, three gymnasiums and with the addition of Ennis Park, maintenance requirements will increase to eleven ball fields.

Nash County Parks & Recreation has added a full-time District Coordinator in Bailey to provide services in the South Recreation District. Services have expanded in the West Recreation District and have increased the number of participants in football, baseball, soccer and basketball.

Who knew Daddy could dance like that?

The Daddy Daughter Sweetheart Dance is one of many special events that was very successful. This event, hosted at Spring Hope Elementary School, was filled to capacity with 200 participants.

Nash County Parks & Recreation hosted the Statewide Athletic Committee Basketball Tournament, bringing visitors in from other North Carolina recreation departments to participate in the eight team tournament.

Middlesex Corporate Center

Design for infrastructure within the Middlesex Corporate Center began this year. The proposed improvements include approximately 8,300 linear feet of 3-lane roadway with curb and gutter along with approximately 10,000 linear feet of 12" water line. The design and road improvements will be funded by NCDOT with design being approximately 50% complete. The project will be bid in spring of 2009 at an estimated cost of \$1.4 million for road construction. Grants will be sought for funding of the water improvements once an industrial client is identified. Other activity related to the Middlesex Corporate Center includes the negotiation of additional property. The County continues to work to assemble additional acreage for industrial and corporate development.

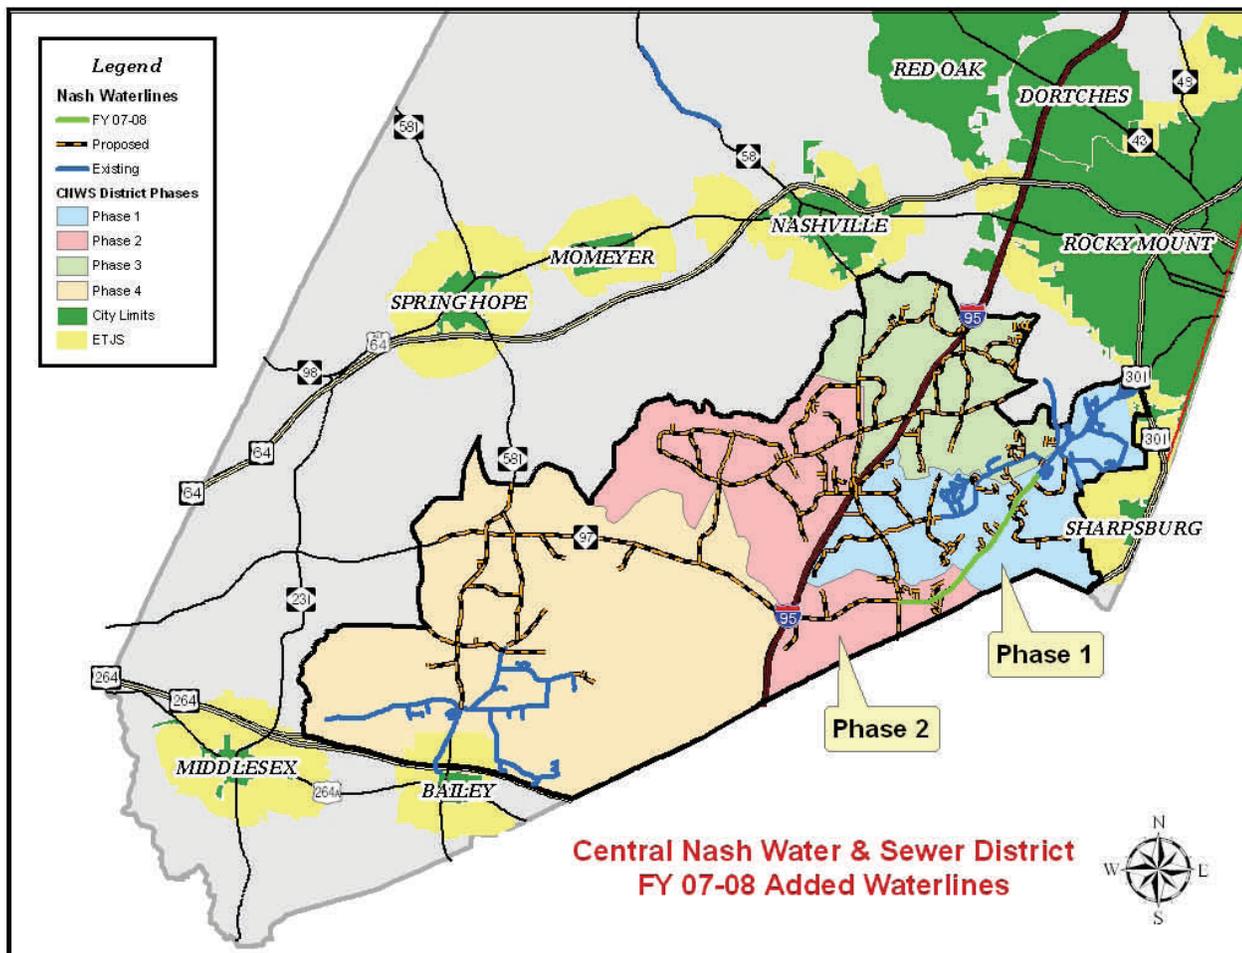

Major Initiatives

Water and Sewer

The County water system is continuing to expand with the completion of the Hwy 97 and Hwy 58 emergency water line projects and several existing developments along Bend of the River Road. The County approved by referendum the creation of the Central Nash Water and Sewer District of Nash County (CNWSD) in December 2007 which will encompass most of the county's existing water and sewer infrastructure (see map below). Construction began on Phase 1 and 2 of the four phase CNWSD system and engineering was started on Phase 3. Once complete, this water expansion will bring water across approximately 125 miles of roads and serve up to 2,000+ customers which include areas south of Nashville, north of Bailey, and west of Rocky Mount in many rural areas across the southern part of the County. We expect to complete construction of the Phase 1 and 2 water system and be in operation by the spring of 2009 with Phase 3 by the end of 2009. Currently Nash County is accepting applications under a reduced-rate structure for new customers within these areas. The District will start engineering for Phase 4 once enough customer signups have been secured.

Funding through USDA (loan and grant) has been secured for all four phases with \$4 million in grant funds and \$12.8 million in low-interest loan, with an additional \$1 million grant from the N.C. Rural Center and an additional \$1 million requested for the next budget year.

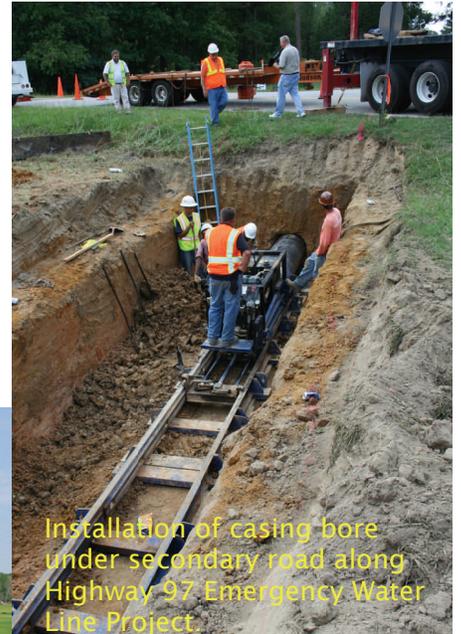

Major Initiatives

A major drought continued from fiscal year 2007 and carried into the 2008 fiscal year with rainfall and inflow into the Tar River Reservoir well below normal. Water ceased to flow over the dam at the Tar River Reservoir in mid June 2007 but was once again flowing over the dam in mid December of 2007. The City of Rocky Mount supplies much of the County and neighboring systems with water originating from the Tar River Reservoir. This drought was one of the worst on record, however, the future water supply of the City of Rocky Mount and surrounding areas is now much stronger as a result of this drought and better prepared to handle the next future drought. A 2 million gallon-a-day finished water supply connecting the City of Wilson through Nash County water system to the City of Rocky Mount was nearly completed during this fiscal year and will be available to supply water to all three entities if the need arises.

Financial Activity Statement

The Activity statement reports the financial activities of Nash County government as a whole. These activities are identified as either **Governmental or Business-type**. Governmental activities constitute the majority of the County's operations and are financed primarily by operating grants, taxes, charges for services, capital grants, and other intergovernmental revenues. Business-type activities, on the other hand, rely on user fees and other charges to wholly, or to a large extent, fund their operations.

Sources of Revenue are the monies received by the County from a variety of sources used to fund all services provided.

- *Charges for Services*—monies received from departments and agencies for fees paid by the public.
- *Operating Grants and Contributions*—monies to be used for general program operations.
- *Capital Grants and Contributions*—monies to be used for capital acquisitions.
- *Property Taxes*—revenue from real estate tax, personal property tax, and motor vehicle taxes.
- *Other Taxes*—primarily revenue from local sales taxes.
- *Other*—earnings on investments and all other miscellaneous receipts.

Expenses are the monies spent to provide services to citizens.

Governmental Activities

- *General Government*—includes expenses incurred to operate the administrative offices of the Commissioners, County Manager, finance, Human Resources, Tax, Attorney, Courthouse, Administration Building, Elections, Register of Deeds, Management Information Services, and Public Buildings.
- *Public Safety*—includes the costs of the Sheriff, Detention Facility, Emergency Medical Service, Communications, Fire Services and Animal Control.
- *Transportation*—includes costs for Airport and Rural Operating Assistance Program.
- *Economic and Physical Development*—includes expenses for Planning and Zoning, Economic incentives, Cooperative Extension and Soil & Water Conservation.
- *Human Services*—expenses to provide various forms of services and assistance to individuals, children and families including Public Health, Environmental Health, Social Services, Aging, Juvenile and Low income Housing grants.
- *Cultural*—includes costs for local libraries and Parks & Recreation.
- *Education*—funding for current and capital expense for the local school system and community college.
- *Interest on long-term debt*—cost of debt financing for capital projects of the County

Nash Notes:

671 Full-time
Equivalent County
Employees

Financial Activity Statement

Business-type Activities

- Water and Sewer—costs to provide water/sewer service to citizen and industry.
- Solid Waste Disposal—costs associated with operating a construction and demolition landfill, processing local waste, and operating manned waste collection facilities in rural areas of the county.

The **Changes in Net Assets Statement**, traditionally known by many as the Income Statement, is designed to provide a record of the money received and spent by the County during the past year. It is presented on a GAAP basis (Generally Accepted Accounting Principles) below.

Changes in Net Assets

For the Fiscal Years Ended June 30, 2008 and 2007

	Governmental Activities		Business-type Activities		Total Primary Government	
	2008	2007	2008	2007	2008	2007
Revenues:						
Program revenues:

Readers of the Financial Activity Statement should keep in mind that the statement is presented on a GAAP basis, and those desiring to review GAAP basis reports should refer to the County's Comprehensive Annual Financial Report (CAFR) for 2007-08 available at County libraries and on the County website www.co.nash.nc.us.

Explanation of Significant Differences:

Revenues:

- Charges for Services in Governmental Activities increased \$2,922,028 due to the transfer of Employee Health Reserve in General Government and an increase in ambulance collections in Public Safety.
- Decrease of \$4,364,547 in Operating Grants and Contributions due to the transfer of Employee Health and Workers Comp Reserves in General Government.
- Capital Grants and Contributions for Governmental Activities increased by \$530,351 due to State grants for Drug Enforcement in Public Safety.
- The increase of \$1,490,162 in Property Taxes is due to normal growth and enhanced collection on past due taxes.

Expenses:

- The rise in Public Safety costs of \$1,812,237 is attributable to use of wireline funds for new communications equipment.
- The increase of \$731,364 in Education reflects a 3% increase in current expenses and 1% increase in capital outlay approved for Nash Rocky Mount Schools and a 5.6% increase in current expenses and 400% increase in capital outlay for Nash Community College.

Financial Position Statement

SUMMARY: The Financial Position Statement, known in accounting terms as the "Balance Sheet", is designed to provide a picture of the County's financial position as of the end of the year. Explanations of specific accounts are listed as they appear in the financial position statement.

Benefits

Cash is the amount of physical cash held by the County in bank accounts and on hand for purposes of paying expenses.

Investments are made up of the funds not needed to be held to pay expenses. The Treasurer invests these funds allowing the County to earn interest on its cash.

Receivables represent the amounts which are owed to the County at June 30, 2008.

Property & Equipment represents the land, buildings, water and sewer plants, vehicles, equipment and furniture which provides for an economic benefit of greater than three years.

Detriments

Amounts Owed to Employees and Vendors are those items which the County owes to individuals and companies who supply a service or goods, and the expected payment is to be made within twelve months.

Short Term Debt represents the amounts of notes which the County can obtain funds from outside entities for projects it undertakes. These notes must be paid within one year.

Long Term Debt represents the amount of debt which the County has issued and still owes. This debt does not have to be paid off in one year; rather the County makes monthly or yearly debt payments on these amounts.

Nash Notes:

Nashville, the county seat, was settled in 1780 and chartered in 1815. First land grants in the area date back to 1743.

Nash County Financial Position Statement For the Year Ending June 30, 2008 and 2007

<u>Financial Benefits</u>	<u>2008</u>	<u>2007</u>
Cash	\$19,531,923	\$24,513,338
Investments	23,885,818	19,744,410

Total Detriments	\$28,602,461	\$32,196,274

Benefits Over Detriments	\$87,939,618	\$81,543,290
---------------------------------	---------------------	---------------------

Installment Purchase Contracts and COPS

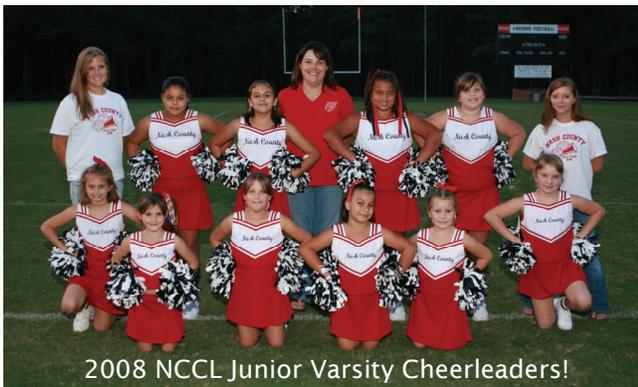

Long-Term Debt

Nash County's long-term debt is primarily installment purchase contracts which totaled \$21,492,550 at June 30, 2008, of this amount \$8,220,000 remains for the 2004 Certificates of Participation (COPS) issue. COPS were issued for several projects including Nash Community College Science & Technology Building, Bailey Elementary School Phase II, Gateway Technology Center at Wesleyan College, Shell Building IV at Whitakers Business Park and Courthouse renovations.

In fiscal year 2008, the Central Nash Water and Sewer District was established to develop a county water system in the southeastern area of Nash County. A public bond referendum was passed to provide funding for the system. Bonds will not be issued until system is completed.

The Local Government Commission recommends a legal debt margin of no more than 8% of total appraised property value. Nash County's legal debt margin for Jun 2008 was \$481,634,000, the county's total outstanding debt was \$21,492,550, well below the 8% legal debt margin.

Award for Outstanding Achievement in Popular Annual Financial Reporting

PRESENTED TO

**Nash County
North Carolina**

for the Fiscal Year Ended

June 30, 2007

K. L. R.
President

Jeffrey L. Esser
Executive Director

The *Citizens Financial Report* publication provides the public with an easy to read overview of the County's financial condition. The information contained in this report is derived from the Nash County *Comprehensive Annual Financial Report* (CAFR). The CAFR contains more detailed information about the County's finances, and copies of the report are available at all public libraries and the County website, www.finance.co.nash.nc.us/Budget.htm#Annual Financial.

I hope you will take the time to provide us with your thoughts or ideas for improvement after reading this year's report. Drop me a note at the address below, call the office at (252) 459-9802, or e-mail me at lynne.anderson@nashcountync.gov. I look forward to hearing from you.

The Government Finance Officers Association (GFOA) has given Nash County an Award for Outstanding Achievement in Popular Annual Financial Reporting for its *Citizen's Financial Report* for the fiscal year ended June 30, 2007. The Award is valid for a period of one year only. We believe our current report continues to meet Award Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Many thanks to Melanie Eason, Assistant Finance Officer, for her dedicated effort in designing and compiling this report and to the finance staff who contributed to its successful completion.

120 W. Washington Street
Nashville, NC 27856
(252)462-2402

Currently, 500 copies are printed annually and distributed to citizens by several different avenues. Copies are sent to the libraries, public meeting areas, area colleges, local realtors and Chamber of Commerce office to be included in newcomers packages. This publication is also available on the Nash County website at <http://www.co.nash.nc.us/>. The website has information about Nash County government, job openings, economic development, recreation, online services and invitations to bids and permit information.
